

APCO Technologies is specialised in the design and manufacture of high quality mechanical and electromechanical equipment. APCO Technologies provides innovative and competitive solutions to client's specific requirements.

Every new project is a challenge.

To complete our teams in Aigle, Switzerland, we are recruiting a

PROJECT MANAGER (H/F)

Activity rate: 100 %

Activity: Space

What you develop:

- Supervise technical, administrative and financial projects management for satellites and launcher on board and ground equipment.
- Support the offers costing for our future projects.
- In charge of internal reporting (quality/costs/deadline).
- Coordinate design purchases, subcontracting, testing, packing and shipping to clients.
- Decisive role in relationship with clients and internal coordination.

What you bring:

- Master degree in mechanics, structures or materials.
- Strong technical culture, which understands clients' needs, then position and optimize the design.
- Experience in writing technical and administrative documentation.
- Minimum 5 years' experience in space engineering, if possible in an equivalent position.
- You demonstrate great autonomy, initiative and efficiency in achieving objectives by optimizing the resources.
- You have a perfect command of the MS-Office pack software and you familiar with ERP programs.
- Periodically bring together your multidisciplinary teams to stimulate and converge towards the objectives of your projects.
- You are fluent in English and French (written and spoken).
- You are able to travel in Switzerland and abroad (around 20 % of you working time).

What we offer:

- Long track record of steady growth, every day new projects and great challenges.
- Dynamic international working environment.
- Entrepreneurial attitude and innovation mind set encouraged.
- Stable family company with long-term strategic development.
- Friendly atmosphere and team work.
- Modern, professional, bright and spacious premises.
- Ideally located between mountain and lake.
- Intra and inter-company events.
